

LITERACY CHALLENGE

Create your own adventure in this plot-filled literacy challenge inspired by tabletop games and storytelling! Book bins marked with dice hold the story elements you need—settings, characters, twists, and more. Choose books, answer prompts, and piece together your very own tale. It's a scavenger hunt for storytellers! Complete the challenge for a chance to win a prize worthy of a true game master.

TABLETOP GAMES

Join us for a fun-filled afternoon of dice-based games like Yahtzee, Farkle, and Trouble. These exciting activities promote math skills, strategy, and friendly competition while having a blast with every roll. Come play, learn, and roll your way to victory!

D&D SESSIONS

MAP MAKING: JULY 6 Learn the basics of storytelling and game design—starting with the setting! Kids will create their own imaginative worlds by drawing maps using rice, a pencil, and a whole lotta creativity. It's a playful intro to world-building inspired by Dungeons & Dragons and other role-playing games.

CHARACTER BUILDING: JULY 13 From brave heroes to clever tricksters, explore personality traits, backstories, and special abilities while learning the basics of character development continuing the journey into storytelling and world creation.

CODING GAMES

Explore coding through creativity by making your own binary bracelets. Learn the basics of binary code while crafting a bracelet that spells out your name or a special message using 1s and 0s. This activity is a fun way to understand coding, pattern recognition, and personalization, all while creating a unique accessory.

SENSORY PLAY ZONE

Experience the tactile fun of creating your own wax dice through casting! Using simple materials, you'll learn how to mold dice in different shapes and sizes. This hands-on activity allows for exploration of texture, form, and creativity while engaging in sensory play. Come and get creative with wax and shape your own dice!

SENSORY PLAY QUEST

Get crafty and create your very own dice tray in this hands-on sensory play activity. Using a variety of materials, you'll design a custom tray to hold your dice, adding personal touches through color, texture, and pattern. This creative project allows for tactile exploration and lets you build something practical and unique!

CHESS O'CLOCK

Learn the basics of chess on our giant chess boards with help from museum staff. Kids will explore how each piece moves and practice simple strategies as they play.
